

# Accepting payments in person on Volley.

# How it works

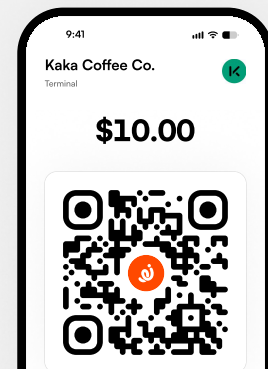

## 1 Enable Terminals

Set up a Terminal from the Volley dashboard, then visit your unique URL on your mobile device.

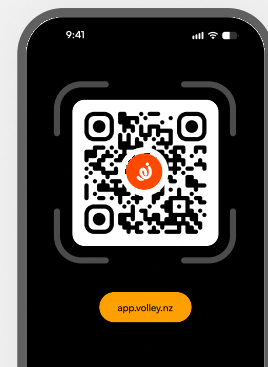

## 2 Create payment

Enter an amount, tap charge, and we'll generate a unique QR code for you to display to your customer on the spot.

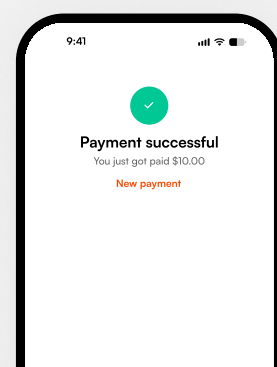

## 3 Pay by bank

Your customer scans the code and approves the payment from their bank app in a single tap. Volley supports ANZ, ASB, BNZ, Kiwibank and Westpac.

## 4 Done

Get notified instantly of successful payments. Funds settle in your bank account within an hour.

# Requirements

## 1 Volley account

Create a Volley account, add the bank account you want to accept payments into, enable Terminals and you're good to go. Easy right?

## 2 Mobile device

When you're ready to accept payments, all you need is your phone to display the terminal. All your customer needs is theirs.

## 3 Bank app

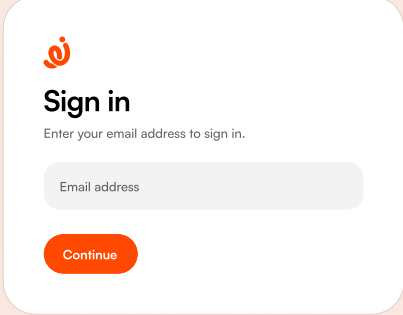

To approve a payment, your customer needs to have their bank app installed on their mobile device. That's it.

# Setting up a Terminal

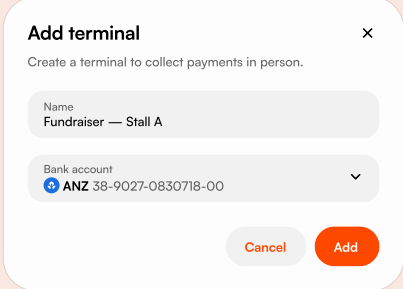

## 1 Sign in

Accept your invitation, then sign in with your verification code.

A screenshot of a mobile app's sign-in screen. At the top left is a red logo. Below it, the text "Sign in" is displayed in bold, followed by the instruction "Enter your email address to sign in." in a smaller font. There is a light gray input field labeled "Email address". Below the input field is an orange button with the text "Continue".

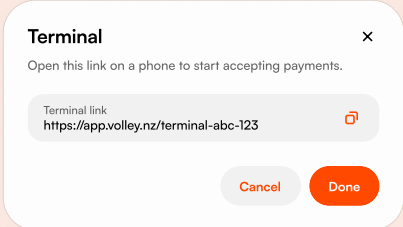

## 2 Create a Terminal

Navigate to Settings, Terminals, then add Terminal. Give it a name, then choose which account to accept payments into. You can create multiple terminals if you like, too.

A screenshot of a mobile app's "Add terminal" screen. The title "Add terminal" is at the top left, with a close button (X) at the top right. Below the title is the instruction "Create a terminal to collect payments in person." There are two input fields: "Name" with the text "Fundraiser — Stall A" and "Bank account" with a dropdown menu showing "ANZ 38-9027-0830718-00". At the bottom right are two buttons: "Cancel" and "Add".

## 3 Open the link

Copy your unique URL and paste it into your mobile browser, or share it with your team. You can deactivate a Terminal as soon as you're done with it.

A screenshot of a mobile app's "Terminal" screen. The title "Terminal" is at the top left, with a close button (X) at the top right. Below the title is the instruction "Open this link on a phone to start accepting payments." There is a light gray input field labeled "Terminal link" containing the URL "https://app.volley.nz/terminal-abc-123". At the bottom right are two buttons: "Cancel" and "Done".
